A man with a grey beard and hair, wearing a light blue button-down shirt, is shown in profile from the waist up. He is pointing his right hand towards a chalkboard. The chalkboard is dark blue and covered with white chalk markings, including mathematical symbols like \int , $\frac{1}{x}$, and \ln , as well as some scribbled lines and numbers. The background is slightly blurred, showing more of the chalkboard and some faint text.

The background of the slide features a warm, golden-yellow color with silhouettes of graduates in caps and gowns. Some graduates are shown from the back, with their hands raised in celebration, while others are shown from the side, also celebrating. The overall mood is one of achievement and joy.

These figures are a reminder of the many ways in which our universities drive Australia's economic growth, extend the frontiers of human knowledge, make life-saving breakthroughs and help the nation to transition in an era of digital disruption.

Data as of 12 February 2020

The student data reported in this publication includes all higher education providers reporting their student data to Department of Education, Skills and Employment (DESE) through the Higher Education Information Management System (HEIMS). In 2018, 91 per cent of these higher education students studied at the 39 Universities Australia member universities.
